WHY CLEP

- ◆ Our teaching and experience stems from more than 10 years with Dubai Lactation Education Training Program.
- ◆ Our program is a combination of lectures, discussions, practical demonstrations and case studies all linking theory to practice.
- ◆ We offer extensive guide with the application and registration through the period up to the exam by different media support.
- ◆ Our faculty are recertified lactation consultants actively working as IBCLC's.
- ◆ The program is conveniently held on Saturdays.

About Us

- ◆ The Comprehensive Lactation Education Program (CLEP) is a combination of an intensive 5 days intensive course with interactive online modules, a total of 95 hours.
- ◆ The program follows the IBCLC exam blue print and is updated with 5 hours Communication and counselling skills as per the IBCLC.
- ◆ The program starts on Saturday 12th September 2020
